## **The club has recently invested in 6 new Bridge Pads**

Some of our bridge pads were not able to be used and we were in the position where we had to replace them or invest in iPads or tablets. The committee discussed this and because we do not have the capacity to store I pads and keep them charged the decision was that we buy ten new bridge pads. This has been done and we are now using them

## **Beginners Classes will be starting on the 28th of April**

Research as has shown that the most effective way to encourage people to come to Bridge Lessons is by word of mouth from other bridge players.

Please let all your friends and relations know that classes will be starting , and the first two lessons will be free! We would love to see them!

See you at Bridge  
Katherine
