We are trialling a new Bridge Session

It will be held at The Greytown Town Centre on Tuesdays between 11.00am and 2.00 pm Cost \$5.00 per session

It is open to anyone who wants to play Bridge in a relaxed , fun and friendly environment.

Bridge will be played at a more Gentle Tempo than regular club nights. This makes it a great session for people who have played before and would like to play again but just need to brush up on bidding and play Each hand comes with a suggested bidding slip that you can look at after you have played the hand. You will be able to ask questions about the bidding and play after the hand has been played.

This year, due to the unfortunate timing of Covid 19 and the three month lockdown, we will not be running Beginner classes, so these sessions will also be ideal for people who would like to learn. We will playing Mini bridge -which is an perfect start to learning bridge.

This is also a great session for people who do not want to play at night time. They can still get their bridge fix during the day and stay home and be cosy on these dark cold nights.

We will not be using the Computer scoring and there will be no C points

At this stage this trial will run for 6 weeks
