We were thrilled with the success of the tournament – we worked hard in the back ground over the last month but we very gratefully acknowledge that it would not be the success it was without all the help and support ( in many,many ways) we had from our wonderful club members. South Wairarapa Bridge Club you are awesome!!

Thank you to everyone who came and played- we loved having you and again we are so grateful for your support – see you again in September for our Multigrade Tournament
